WHAT IS PMST LOOP ?

PMST LOOP commonly known as PEMF, is energy medicine. Human bodies are alive because of electromagnetic exchanges between cells. PEMF therapy introduces a low frequency pulsed electro-magnetic field (PEMF) that recharges the cells of the body, allowing them to float freely, increasing their effective functioning surface area and consequently enhancing circulation, oxygenation and hydration. At the same time cellular ability to absorb nutrients and remove toxins from the body is greatly increased.

HOW DOES IT HELP ?

OXYGENATE THE BLOOD ▼

Blood passes on nutrients and oxygen, while absorbing toxins or enzymes from all the major organs by use of capillaries. Blood cells which power down lose their charge and stick to one another causing the Rouleaux effect. If the Rouleaux effect is present in the blood these organs cannot be properly serviced by the blood.

PEMF positively charges blood cells so that they repel one another, (like magnetic charges repel), making it impossible for them to stick together. This maximizes the ability of the blood cells to perform their tasks in the capillaries of all the major organs. The work of the lungs, liver, intestines and kidneys is optimized when proper and full blood flow can take place. When the blood is oxygenated, so are the organs and tissues, reducing disease which can produce imbalances, sickness and eventually cancers.

BOOST HEALTH AGING ▼

PEMF charging the cells batteries (ATP), and stimulates all the components involved in delivering the oxygen and nutrients to the mitochondria for energy production. PEMF enhances the body's delivery systems including circulation and hydration. PEMF increases oxygen absorption by energizing the cellular pumps, which boost the uptake of vital nutrients, and the expulsion of waste toxins produced during the metabolic process. Instead of blood doping it is blood optimization causing natural enhanced performance.

ENHANCE PERFORMANCE ▼

Neurons are the core components of the central nervous system and include the brain and spinal cord. When damaged by disease or injury recovery is often difficult. Studies have shown that PEMF energy medicine is beneficial for stroke management or brain injury, producing significant improvements in function by boosting brain plasticity, PEMF assists neurological disorders such as Parkinson's, Alzheimer's, and related issues such as depression and phobias because it stimulates neurons and brain cells to return to normal functioning frequencies.

NEUROLOGICAL REGROWING ▼

PEMF has been shown to directly affect bone healing and cartilage regrowth. The pulsed electro-magnetic fields stimulate the cells responsible for regrowth. Certain PEMF devices has the power necessary to penetrate bone, and operates at frequencies designed to stimulate bone repair (osteogenesis) and help the bone factory (osteoblasts) release the necessary minerals for bone creation, while toxins and waste by-products of repair are removed, speeding the healing process.

BONE REGROWTH ▼

Modern medicine deals with pain by prescribing opiates and other drugs which are addictive and harmful to the liver, kidneys, and bowel, especially during prolonged periods of exposure. This has become an epidemic in the Western world. PEMF stimulates the production of natural endorphins and therefore is very effective in dealing with pain, especially chronic pain. However, it does not have the side effects of invasive surgery or pharmaceuticals. PEMF helps cells heal the original cause of the problem, or underlying pathology and consequently addresses the root cause and the symptoms at the same time.

MANAGE PAIN ▼

Restore and maintain a healthy pH balance, Powerful antioxidants to neutralize , damaging free radicals Nutritional support Antimicrobial support Immunity enhancement Metabolic support Cellular electrical potential enhancement Cardiovascular and lymphatic circulatory and blood oxygenation support Organ cleanse and detoxification Digestive support and colon health Musculoskeletal support Anti-aging and youth enhancement Vision enhancement Energy, mental clarity, and alertness Weight management.

AVAILABLE WORLDWIDE

PMST LOOP

PMST LOOP

Dimensions ▼

23W x 16D x 8H in

Weight ▼

40 lbs

Special Features

- 5 intensity settings
- 5 mins or 10 mins timer
- Butterfly Loop
- Large Loop
- 1 year warranty for the machine

EQUINE LOOP

Dimensions ▼

23W x 16D x 8H in

Weight ▼

40 lbs

Special Features

- 5 intensity settings
- 5 mins or 10 mins timer
- Butterfly Loop
- Large Loop
- 1 year warranty for the machine
- With big wheels for all terrain.

HANDLE INTRODUCTION

Butterfly Loop

Large Loop

X Wings

Double Pads

PMST LOOP MACHINE PARAMETERS ▼

Power Consumption:	850W
Magnetic intensity:	1000–6000Gauss
Pulse Frequency:	2/4/6/8Hz
Oscillation: :	4500Hz
Fused:	15Amp
IP rating:	IP 31
Attached loops:	single loop and butterfly loop.
Dimension of package:	630mm*410mm*350mm
Gross Weight:	28KG

TECHNICAL ADVANTAGES

▼ DAMPING OSCILLATION ▼

▼ DOUBLE MAG COIL ▼

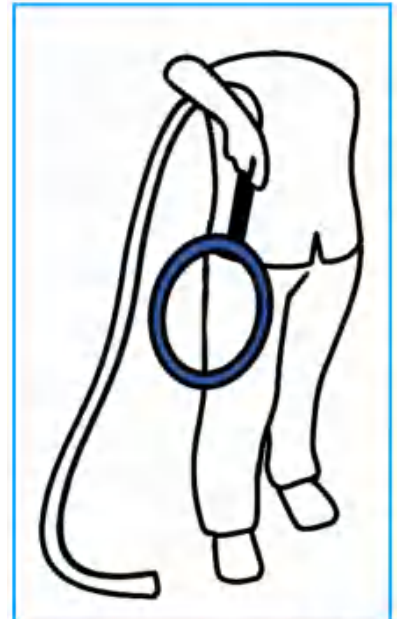

▼ BIG TREATING AREA ▼

PMST LOOP

HOW TO USE

EQUINE LOOP

MULTIPLE COLOR OPTIONS
